We are delighted to invite you to attend the International Conference on Food Science, Nutrition & Alternative Proteins, a globally recognized platform dedicated to bringing together researchers, academicians, food scientists, nutritionists, dietitians, biotechnologists, industry experts, policymakers, entrepreneurs, and innovation leaders from around the world to explore the latest advancements, emerging trends, and transformative innovations in food science, human nutrition, sustainable food systems, and alternative protein technologies. Scheduled to take place in the iconic city of Paris, France, from May 17–19, 2027, the conference will provide an exceptional opportunity for networking, scientific knowledge exchange, interdisciplinary collaboration, and the development of innovative solutions to address global food security, nutrition, and sustainability challenges.

Centered around the theme “Shaping the Future of Food: Sustainable Nutrition, Alternative Proteins & Next-Generation Food Innovation for Global Health,” the conference will highlight the vital role of food science, nutritional research, functional foods, precision nutrition, plant-based and cultivated proteins, food biotechnology, sustainable agriculture, food safety, advanced food processing, and circular food systems in building healthier populations and more resilient global food ecosystems.

Join leading researchers, food scientists, nutrition experts, alternative protein innovators, industry professionals, policymakers, entrepreneurs, and sustainability advocates in Paris, France, to discover groundbreaking research, exchange visionary ideas, establish meaningful international collaborations, and contribute to shaping the future of sustainable nutrition, next-generation food innovation, and global health.

We look forward to welcoming you to Paris, France.

With Best Regards,
Food Science 2027
Organizing Committee

Abstract Submission

We invite researchers, academicians, industry experts and students to submit your original research work for presentation at **Food Science 2027**.

PARIS ATTRACTIONS

The Eiffel Tower, the iconic symbol of Paris, is one of the world's most celebrated landmarks. Standing majestically along the Seine River, it offers breathtaking panoramic views of the city from its observation decks. Renowned for its remarkable iron lattice architecture and stunning illuminations at night, the Eiffel Tower is a must-visit destination that beautifully showcases the charm, history, and elegance of Paris.

The Champs-Élysées is one of the world's most famous avenues, lined with elegant boutiques, cafés, and cultural attractions. At its western end stands the magnificent Arc de Triomphe, a historic monument honoring France's military victories and the bravery of its soldiers. Together, these iconic landmarks offer visitors a perfect blend of history, culture, and the vibrant atmosphere of Paris.

Disneyland Paris is a world-renowned theme park destination that brings Disney's magic to life through thrilling attractions, enchanting entertainment, and unforgettable experiences. Featuring beloved Disney characters, spectacular shows, themed lands, and exciting rides for all ages, it offers a memorable adventure for families, friends, and visitors from around the world.

Previous Conference Highlights

Wisdom Conferences successfully organized an international conference from June 08–10, 2026, in Paris, France. The event featured a successful 2-day scientific program with keynote lectures, oral presentations, invited talks, and interactive discussions. The conference was held at Hotel Oceania Roissy CDG, Paris, France, bringing together researchers, academicians, scientists, and industry professionals from around the world. The edition successfully showcased impactful presentations, encouraged knowledge exchange, and provided valuable opportunities for global collaboration and networking. We are proud to have created a dynamic environment that encouraged global cooperation, research innovation, and professional connections. The success of this conference reflects our continued commitment to organizing high-quality international scientific gatherings that inspire progress and collaboration within the global research community.
