We are delighted to invite you to attend the International Conference on Immunotherapy, Vaccines & Precision Immunology, a global platform dedicated to bringing together researchers, clinicians, immunologists, oncologists, vaccine scientists, healthcare professionals, academicians, biotechnologists, pharmaceutical and biotechnology industry experts, policymakers, and innovation leaders from around the world to explore the latest advancements, emerging trends, and transformative innovations in immunotherapy, vaccine development, precision immunology, and next-generation healthcare. Scheduled to take place in the vibrant city of Milan, Italy, from October 18–20, 2027, the conference will provide an exceptional opportunity for scientific knowledge exchange, international networking, interdisciplinary collaboration, and the development of innovative approaches to address major global healthcare challenges.

Centered around the theme “Transforming Global Healthcare Through Immunotherapy, Vaccine Innovation & Precision Immunology,” the conference will highlight the critical role of cancer immunotherapy, immune-based therapeutics, next-generation vaccines, personalized and precision immunology, immuno-oncology, cellular and molecular immunology, infectious disease vaccines, autoimmune disorders, immune engineering, biotechnology, and emerging therapeutic technologies in advancing disease prevention, diagnosis, and treatment.

Join leading researchers, clinicians, immunologists, vaccine experts, pharmaceutical and biotechnology professionals, academicians, policymakers, entrepreneurs, and healthcare innovators in Milan, Italy, to explore groundbreaking research, exchange innovative ideas, foster meaningful international collaborations, and contribute to shaping the future of immunotherapy, vaccine innovation, precision medicine, and global healthcare.

We look forward to welcoming you to Milan, Italy.

With Best Regards,
Immunotherapy 2027
Organizing Committee

Abstract Submission

We invite researchers, academicians, industry experts and students to submit your original research work for presentation at Immunotherapy **2027**.

PARIS ATTRACTIONS

The Duomo di Milano, the magnificent Gothic cathedral in the heart of Milan, is one of Italy's most iconic landmarks. Renowned for its intricate architecture, soaring spires, and stunning marble façade, the cathedral offers breathtaking views of the city from its rooftop terraces. A symbol of Milan's rich history and artistic heritage, the Duomo is a must-visit destination for experiencing the grandeur and cultural charm of the city.

The Navigli Canals are among Milan's most charming and vibrant destinations, offering a unique blend of history, culture, and modern city life. Once an important network of waterways, the canals are now surrounded by picturesque streets, artistic spaces, cafés, restaurants, and lively riverside venues. Particularly enchanting in the evening,.

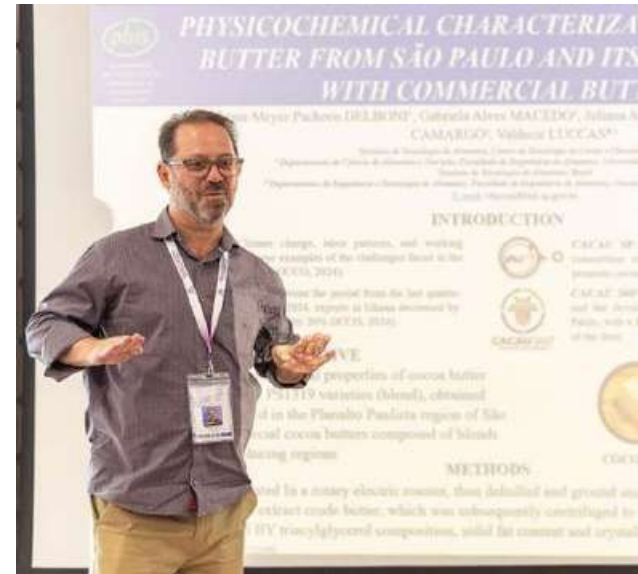

The Galleria Vittorio Emanuele II, one of the world's oldest and most elegant shopping arcades, stands beside Milan's famous Piazza del Duomo. Celebrated for its magnificent glass dome, beautiful mosaic floors, and impressive 19th-century architecture, the Galleria is home to luxury boutiques, renowned cafés, and historic restaurants. It is a must-visit destination that perfectly captures Milan's sophistication, fashion, and timeless elegance.

Previous Conference Highlights

WisdomConferences successfully organized an international conference from June 08–10, 2026, in Paris, France. The event featured a successful 2-day scientific program with keynote lectures, oral presentations, invited talks, and interactive discussions. The conference was held at Hotel Oceania Roissy CDG, Paris, France, bringing together researchers, academicians, scientists, and industry professionals from around the world. The edition successfully showcased impactful presentations, encouraged knowledge exchange, and provided valuable opportunities for global collaboration and networking. We are proud to have created a dynamic environment that encouraged global cooperation, research innovation, and professional connections. The success of this conference reflects our continued commitment to organizing high-quality international scientific gatherings that inspire progress and collaboration within the global research community.
