CONFERENCE INVITATION

We are delighted to invite you to attend the International Conference on Environmental Science, Climate Tech & Green Energy, a globally recognized platform dedicated to bringing together researchers, academicians, environmental scientists, climate experts, policymakers, industry leaders, innovators, sustainability professionals, and technology pioneers from around the world to discuss the latest advancements, emerging trends, and transformative innovations in environmental science, climate technologies, and clean energy solutions. Scheduled to take place in the iconic city of Paris, France, from May 17–19, 2027, the conference will provide an outstanding opportunity for networking, knowledge exchange, interdisciplinary collaboration, and the development of innovative strategies to address global environmental challenges.

Centered around the theme “Driving Global Sustainability Through Climate Innovation, Environmental Science & Clean Energy Technologies,” the conference will highlight the critical role of environmental research, climate resilience, renewable energy, green technologies, sustainable resource management, carbon reduction strategies, circular economy practices, biodiversity conservation, and clean energy innovations in creating a sustainable future.

Join leading researchers, environmental professionals, climate innovators, renewable energy experts, policymakers, and sustainability advocates in Paris, France, to discover groundbreaking research, exchange visionary ideas, foster international collaborations, and contribute to shaping a cleaner, greener, and more sustainable future through Environmental Science, Climate Technology, and Green Energy.

We look forward to welcoming you to Paris, France.

With Best Regards,
Surgery 2027
Organizing Committee

Abstract Submission

We invite researchers, academicians, industry experts and students to submit your original research work for presentation at **Surgery 2027**.

PARIS ATTRACTIONS

Duomo di Milano

A magnificent Gothic masterpiece and one of the world's largest cathedrals, renowned for its intricate marble façade, soaring spires, over 3,400 statues, stunning stained-glass windows, and panoramic rooftop terraces offering spectacular views of Milan. Construction began in 1386 and took nearly six centuries to complete, making it one of Italy's most iconic architectural landmarks.

Galleria Vittorio Emanuele II

One of the world's oldest and most prestigious shopping arcades, celebrated for its magnificent glass-domed architecture, elegant mosaics, luxury fashion boutiques, gourmet restaurants, and vibrant atmosphere. Located beside the Duomo, it offers visitors a perfect blend of history, culture, fine dining, and premium shopping in the heart of Milan.

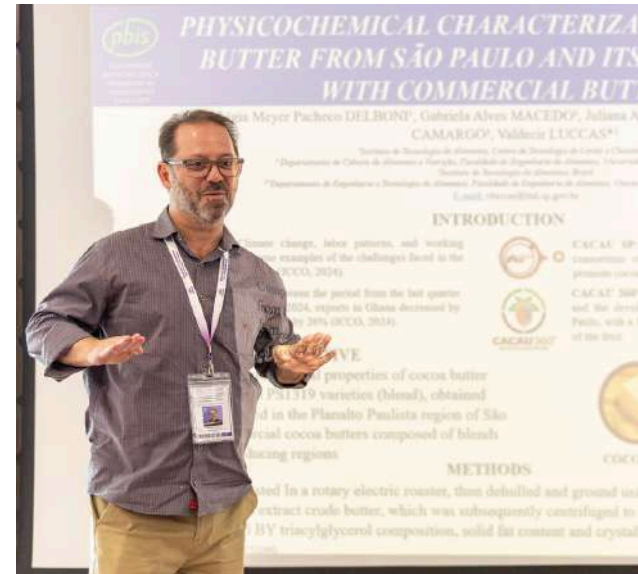

Navigli Canals

One of Milan's most vibrant and historic districts, famous for its scenic canals, charming bridges, lively cafés, traditional trattorias, boutique shops, art galleries, and energetic nightlife. Visitors can enjoy relaxing waterfront walks, local markets, aperitivo culture, and a unique blend of history, creativity, and modern Italian lifestyle.

Previous Conference Highlights

Wisdom Conferences successfully organized an international conference from June 08–10, 2026, in Paris, France. The event featured a successful 2-day scientific program with keynote lectures, oral presentations, invited talks, and interactive discussions. The conference was held at Hotel Oceania Roissy CDG, Paris, France, bringing together researchers, academicians, scientists, and industry professionals from around the world. The edition successfully showcased impactful presentations, encouraged knowledge exchange, and provided valuable opportunities for global collaboration and networking. We are proud to have created a dynamic environment that encouraged global cooperation, research innovation, and professional connections. The success of this conference reflects our continued commitment to organizing high-quality international scientific gatherings that inspire progress and collaboration within the global research community.
